

Planning a Wiki

With a Clear Educational Purpose

- ▶ Identifying the learning intention for your wiki development (e.g. the educational purpose)
- ▶ Developing success criteria (what elements your wiki will need to be effective)
- ▶ Considering structure and content (e.g. Tree Map, Word Splash)
- ▶ Identifying possible ways to enhance your wiki through the use of advanced formatting and/ or web 2.0 tools
- ▶ Note any other ideas or areas for future development
